

December: WEEK FOUR

MY FAMILY

THE AGENDA:

Discussion: What are good and bad things about families? Why do most humans and animals live in family groups? What are some problems that can arise within families? Name some ways we can get along better with our family members. What are some nice things you and your family do for each other?

- ◊ Draw a picture of your family or bring photos to share

- ◊ ‘How Well Do You Know Your Family?’ Worksheet

-
- ◊ Make a holiday craft
 - ◊ Bring a plastic bowling set from home or be creative and construct one in the gym
 - ◊ Offer to do a random good deed around school for a custodian, teacher or secretary

HOW WELL DO YOU KNOW YOUR FAMILY?

Choose an immediate family member for each question. Check with them after to see if you were right!

Name one goal that each of your family members would like to achieve:

Who would be most likely to quit their job and move to a deserted island?

What are some different ways your family members deal with stress?

If you could describe each member of your family as an animal, what would they be and why?

If you could describe each member of your family as a flavour of ice cream, what would they be and why?

What do you love the most about your family?

What do you wish your family did more of?

Which family member do you get along with the best and why?
